

Temperance, Industrial and Collegiate Institute

FOR THE WELFARE OF THE NEGRO YOUTH

Claremont, Virginia.

Non-Sectarian
and
Non-Political.

Established Oct. 12, 1892

Chartered Under
the
Laws of Virginia,
July, 1902.

For the Moral,
Religious, Educa-
tional and Indus-
trial Welfare of
the Negro Youth.

OLD BAGLEY HALL, 1621-1906.

Situated Upon the
South Bank
of the James River,
75 feet Above its level.

Climate Delightful.
Waters Pure.

The Negro Pupil
is Taught Race Pride,
Self Respect,
Self Reliance,
A Practical Trade.

Board and tuition, \$6.50
per month. Each pupil
must work out at least
\$2.50 of that amount on
the farm or in the shop.

The object of the ABOVE NAMED IN-
STITUTION—

1st. Is to teach RACE PRIDE, SELF-
RESPECT, SELF-RELIANCE and IN-
DUSTRY.

2nd. To teach the RESPECTABLE NE-
GRO to make FRIENDS WITH THE
BEST WHITE PEOPLE at South, and to
gain their GOOD WILL AND CONFID-
ENCE; BUT this DOES NOT and must
not be understood to imply "SOCIAL
EQUALITY."

The negro must be taught to buy LAND,
to build up A STRONG, MORAL HOME,
to become an INDEPENDENT PRO-
DUCER and CITIZEN.

3rd. To teach the negro RACIAL FIT-
NESS and responsibility for all of the useful
duties of good citizenship. The two races
are here at the South together; the interest
of the BEST WHITE PEOPLE is the IN-
TEREST of THE BEST NEGROES;
therefore, the RESPECTABLE WHITE
MAN and the RESPECTABLE NEGRO

must LIVE AT PEACE one with the
other. Both must denounce the BAD
NEGRO and the BAD WHITE MAN in
his respective communities.

The Temperance, Industrial and Collegi-
ate Institute has two beautiful farms, upon
which the male students are allowed to work
as they study SCIENTIFIC FARM-
ING—the "OLD CLAREMONT WHARF
FARM" of fifty-six acres, and the "JAMES
BOYCE FARM" of 150 acres. Sweet and
white potatoes, corn, oats, beans, peas and
various farm products are cultivated by the
male pupils under Prof. John I. Johnson,
he being a well informed scientific farmer,
paying SPECIAL ATTENTION to THIS
INDUSTRIAL PURSUIT. Good farmers
can always command good wages and ready
positions.

Carpenter's Trade.

Boys are also taught to work at the car-
penter's trade under Prof. Scotland Harris,
General Business Manager. Good carpen-
ters, as good farmers, are always held in

high esteem. The negro race must produce
its own skilled laborers.

The estimated value of the entire school
plant is \$28,944.75. Four very substantial
buildings are owned by the institution, "Old
Bagley Hall" being rebuilt at a cost of
\$7,500.

Some of the finest cows and horses and
hogs are to be seen upon this school farm.
Well cared for harness, wagons and carts.

The institution opens its fall term Octo-
ber 1st.

Sixty-six new pupils are registered up to
date for the fall term. It is expected to ac-
commodate at least 125 pupils school year
1906-'07.

Seven teachers are employed, including
President John J. Smallwood, Ph. D., and
his wife, Rosa E. Smallwood.

For all information, applications for
rooms, etc., should be sent to

JOHN J. SMALLWOOD, PH. D.,
President.
Or, SCOTLAND HARRIS,
Business Manager.
P. O. Box 164, Claremont, Va.

Fall Term Opens Monday, October 1st.

Price Per Month for Board and Tuition, \$6.50

Smoking, Chewing Tobacco, Drinking Whiskey, Fighting, Laziness and Impure Living Will Not be Tolerated in Any Pupil

SAWYER HALL, BUILT 1892, TO BE USED AS THE BOYS' DORMITORY
SCHOOL, YEAR 1906-'07.

DINING-ROOM IN SAWYER HALL.
